Play Way

Nursery School

(Where smiles 😊 are made)

PLAYWAY NURSERY SCHOOL
Opp. Metro Pillar No. 5, Ring Road,
Model Town 1, Delhi-110009

PLAYWAY NURSERY SCHOOL is one of the oldest nursery schools in Delhi which was established in the year 1965. It is owned and headed by Mrs. Madhu Parashar.

The faculty of PLAYWAY is highly experienced having experience of more than 25 years which can cater to the individual needs of children. They are dynamic, patient and enthusiastic with the ability to create a friendly and stimulating environment in which the child can express himself and learn. They encourage the overall development i.e. physical, social, emotional and intellectual of each child by providing each one of them the security, warmth and self discipline.

The school has spacious, airy AC classrooms which are fully equipped with the latest teaching aids. Outside there is a big play area equipped with slides, swings, balancing beams, ball pools etc. The school also has a splash pool. These are important for physical development of the child.

We Aim to Ensure That Each Child

- is in a safe and stimulating environment.
- is given generous care and attention, because of our high ratio of faculty i.e. 2 teachers per 15 students.
- has the chance to join with other children and adults to live, play, work and learn together.
- is helped to take forward her/his learning and development by being helped to build on what she/he already knows and can do.
- is in a preschool which sees you as a partner in helping your child to learn and develop.
- to inculcate good habits, social manners and etiquettes among children.

We lay emphasis to the total personality development of children so that they become spontaneous, socialised and self interested in environment and stronger in initiative and independence.

Some of the common behavioural problems of children which the parents and the teachers face day-to-day are such as children's stubbornness, shyness, aggressiveness, disobedience, rebellious attitude etc. if not taken care of at the preschool level, become hindrance in their stage to understand the reason for these problems and help the child accordingly. PLAYWAY lays utmost emphasis on child guidance and helps parents to have better understanding of their children and gives them free child counseling for common behavioural problems which are overlooked by them in most of the cases.

Activities

During the preschool years "play" is the only means by which a child learns. We start the education of each child through play and thus make learning experience fun and adventure and at the same time give the child a sense of competition and mastery over self. Through play, our children learn about the objects, people and events in their lives, their environment and most important; the application of their knowledge and skills, thus acquired in their day-to-day lives. Activities such as drawing, painting, rhyme competition, singing, block building, plantation, watering the plants etc. are done in the school from time to time.

The school provides latest teaching aids and a framework as a guide to give each child the best possible start to become a competent learner and skillful communication. The classrooms are fully equipped with indoor activities.

Salient Features
